VILJOEN A PRISONER

**LORD KITCHENER REPORTS THE
CAPTURE OF THE NOTED
BOER GENERAL.**

SATISFACTION IN LONDON

The Captive Was One of Both's Most
Able Lieutenants and Has Given the
British a Deal of Trouble—Viljoen
Will Organize a Dutch Corps to
Fight the Burghers—Says He Is
Tired of the Useless Struggle.

London, Jan. 27.—A report sent by
Lord Kitchener in Johannesburg tells
of the important capture of General
B. Viljoen in the neighborhood of Ly-
denburg, Transvaal Colony, as well as
the capture of small parties of Boers
elsewhere.

The capture of General Viljoen, who
was General Botha's most able lieutenant
and who has given the British a
deal of trouble, has created lively satis-
faction in London.

Pretoria, Jan. 27.—Colonel Wilson
captured 20 Boers near Frankfort, in
Orange River Colony. He was pre-
paring at dawn the next day to move
away with his captives when a su-
perior force of Boers made a desperate
effort to recapture the prisoners. A
hot fight ensued in which all but three
of the prisoners escaped and in which
a few men were killed or wounded on
both sides.

Lord Kitchener has authorized Gen-
eral Viljoen, a surrendered burgher,
to raise an additional Boer corps of
1,500 men. General Viljoen has written
a letter to ex-President Steyn warn-
ing the latter of his intention to
form such a corps and adding that the
Boers in the concentration camps are
tired of the useless struggle and are
determined to help the British end it.

People of Australasia Angry.

Sydney, N. S. W., Jan. 27.—The
placing of contracts in Argentina by
the British war office to supply meats
and other produce for the troops in
South Africa has engendered extreme
irritation throughout Australia. Most
of the premiers of Australasia and the
premier of New Zealand have cabled
to the imperial government strong pro-
tests.

Kruger May Come in April.

London, Jan. 27.—The correspond-
ent of The Daily Telegraph says in a
dispatch that Mr. Kruger has received
fresh invitations from Chicago, New
York and Philadelphia to visit those
cities and that he will probably start
upon an American tour next April.

TROUBLE IN NEGROS.

Papaisio and His Band of Bolomen
Terrorizing the People.

Manila, Jan. 27.—Colonel Charles
W. Miner of the Sixth Infantry reports
the conditions on the island of Negros
to be unsatisfactory and that 400 bol-
omen and 40 men armed with rifles,
under the command of the fanatical
bandit leader, Papaisio, are terroriz-
ing the people.

Felipe Buencamino, one of the di-
rectors of the Federal party, is en-
deavoring to inaugurate an exhibition
of commerce to be held next Decem-
ber. He relies mainly upon exhibits
from the United States, Japan, China,
Siam and Borneo. The merchants of
Manila are inclined to think that this
exhibition should be delayed another
year, but if sufficient support is prom-

ised the United States Philippine com-
mission will be asked to assist in
carrying out the idea.

The United States Philippine com-
mission has appropriated \$5,000 for
improving the harbor of Iloilo and
\$3,000 to be expended on the Cagayan
river, in Northern Luzon.

WANT CHINESE LABOR.

American Chamber of Commerce at
Manila Appeals to Congress.

Manila, Jan. 27.—The American
chamber of commerce here has for-
mulated an appeal to congress in
which it earnestly prays for the enact-
ment of laws allowing Chinamen to
enter the Philippine Islands, under
such restrictions as the United States
Philippine commission may enact. The
present restrictive law concerning im-
migration, continues this appeal, is of
no benefit to the Filipinos. Chinamen,
if admitted, would not enter into com-
petition with local labor, and their
entry into the islands is imperatively
needed, as the tobacco, hemp and sug-
ar lands of the archipelago are only
partially cultivated. Without this leg-
islation the country cannot be prop-
erly developed. Building in Manila
has been badly retarded because of
this lack of labor and for these rea-
sons the American chamber of com-
merce, composed entirely of American
citizens representing commercial in-
terests, respectively prays for im-
mediate action in this matter.

MISS STONE LOCATED.

Is at Yapyak, in the Vicinity of the
Bulgarian Frontier.

Djurnal, European Turkey, Jan. 27.
—Miss Stone, the captive American
missionary, and her companion, Mme.
Tsilka, have been located near Yap-
yak, in the vicinity of the frontier. The
American delegates conducting the
negotiations for the release of the cap-
tives have arrived at Banisko (about
20 miles southeast of Djurnal) and
will probably pay over the ransom
money during the day. The infant
daughter of Mme. Tsilka has been
christened Elenika.

Noted Guide and Pathfinder Dying.

Cheyenne, Wyo., Jan. 27.—George
Rea, a noted guide and pathfinder, is
dying in a lone cabin on the Snake
river. Rea was one of the first men to
explore Yellowstone park and is often
referred to as the Daniel Boone of
Wyoming.

SPENT A QUIET SUNDAY.

Admiral and Mrs. Schley Deny Them-
selves to Visitors.

Chicago, Jan. 27.—Visitors were de-
nied Admiral Schley Sunday and he
was given ample time to rest after
Saturday's arduous programme. After
breakfast in their apartments at the
Auditorium the admiral and Mrs.
Schley, in company with Mr. and Mrs.
E. A. Munger, at 11 o'clock attended
services at the Trinity Episcopal
church. As their place of worship had
not been made public only the usual
congregation was present. When the
service ended the congregation stood
in line at the door and as Admiral
Schley passed out he shook hands
with them right and left. Returning
to the Auditorium Admiral and Mrs.
Schley were driven to the home of Mr.
and Mrs. W. D. Washburn, where they
took luncheon. After a short drive
through the parks the couple returned
to their apartments, where they re-
mained until 7 o'clock, when they
were driven to the home of Mr. and
Mrs. John Morris, where a dinner in
honor of the admiral and his wife was
served.

The demonstrations in the admiral's
honor Saturday culminated in the ban-
quet by the Hamilton club at the Audi-
torium, at which 650 guests were pres-
ent.

The president has signed the bill
conferring the franking privilege upon
Mrs. McKinley.

RECEPTION IS CHILLY

THE GERMANS DO NOT ENTHUSE
OVER PRINCE OF WALES'
VISIT.

IS RECEIVED IN SILENCE

Not a Cheer Is Raised or a British
Flag Displayed as He Passes Along
the Street—Emperor William's At-
tentions Most Elaborate and in
Marked Contrast to the Coldness of
His Subjects.

Berlin, Jan. 27.—The day passed
without any disrespect being shown
to the Prince of Wales, who is here to
represent King Edward at the celebra-
tion of the anniversary of the birth of
Emperor William. German crowds
have a too deeply abiding respect for
royal personages and are too thor-
oughly policed to ever jeer them. But
in a city where the lifting of one's hat
is as universal as ordinary civility it
was singular to see the passing crowds
with never a hat raised and to hear
no murmurs of applause.

The last experience abroad of the
Prince of Wales was his departure,
amid thunderous cheers, from the
shores of Newfoundland, while the
streets through which the prince was
obliged to be driven on his way to
visit the British ambassador here were
without one single British flag.

While receiving the most elaborate
attentions from the family of Em-
peror William and from German official-
dom, the Prince of Wales must feel
the chilling attitude of the German
public. Almost all the newspapers re-
frain from editorial comment on his
visit.

GERMAN PRESS IRRITATED.

Criticises the Recent Interpellation in
the British Commons.

Berlin, Jan. 27.—The German press
throughout shows irritation over the
alleged British attempts to throw sus-
picion on the policy entertained to-
wards the United States by Germany
before the outbreak of the Spanish-
American war. Nearly all the German
newspapers regard these alleged at-
tempts in the same light as does the
Deutsche Tages Zeitung. Dwelling
upon the motives which actuated the
interpellation of Mr. Henry Norman in
the British house of commons Jan.
20 that paper says:

"In the London reports cabled to
New York it is alleged that Germany
was the instigator of a plan to bring
about intervention by the European
powers against the United States. This
is a direct blow in the face of truth.
But what of it? It might perhaps, on
the verge of Prince Henry's visit,
create ill feelings in the United States,
in which case the object underlying
Mr. Norman's interpellation and the
answer thereto of Lord Cranborne, as
well as of the inventions sent abroad
by English newspaper agencies, would
be fulfilled."

MILES NOT A CANDIDATE.

Says That He Does Not Desire to Be-
come President.

Boston, Jan. 27.—General Miles is
not a candidate for the presidency of
the United States, having denied the
report to that effect in reply to a let-
ter to George G. Washburn of this city.
The general's letter reads:

"You desire information as to the
truth or falsity of the newspaper re-
ports from Washington making me an
active candidate for the presidency. I
deeply regret these reports. Like
many others in the past they are ab-
solutely unauthorized. They do not
emanate from myself, nor from my
friends, and I trust that the public will
not be misled by them. My ambition
has ever been to faithfully serve my
country in whatever sphere duty may
have dictated, and this will be my sole
purpose in the future."

BIG WELCOME PLANNED.

Thirty Thousand Germans Will Greet
the Prince.

New York, Jan. 27.—Representatives
of the various German societies of
New York city met during the after-
noon to further consider plans for the
reception of Prince Henry. It was de-
cided that there should be a torch-
light procession on the evening of
Feb. 26, the same evening on which
the newspaper men of the country will
meet the prince at dinner. It was an-
nounced that Dr. von Holleben had
given his sanction to the procession.
It is estimated that more than 30,000
marchers will be in line and Prince
Henry will review the parade from the
building of the Arion society, Fifty-
ninth street and Park avenue.

AFTER RATIFICATION.

Denmark Postpones the West Indies
Plebescite.

Washington, Jan. 27.—The Danish
government will not take the plebs-
cite of the Danish West Indian is-
lands to determine whether they shall
be ceded to the United States until
the United States senate shall have
ratified the treaty of cession. This
circumspection is supposed to be the
outcome of the senate's action in re-
jecting a former treaty of cession after
Denmark had accustomed the island-
ers to the idea of transferring

PHILIPPINE TARIFF BILL.

Will Be Kept Before the Senate Until
Disposed Of.

Washington, Jan. 27.—The senate
will devote its principal attention this
week to the Philippine tariff bill. It
is the purpose of Senator Lodge, who
is in charge of the bill, to keep it be-
fore the senate persistently until it is
disposed of. He does not count on
final action for some time. It is not
the present purpose of the friends of
the bill to debate it, but the attacks
which will be made on it and upon the
entire administration of Philippine af-
fairs inevitably will bring replies from
many of the Republican senators. It
is understood that a majority of the
senators on the Democratic side of the
chamber will be heard before the bill
is passed.

Senator Nelson will take advantage
of every chance to have the bill creat-
ing a department of commerce con-
sidered, with the hope of securing action
upon it during the week if possible.

The house leaders have made no
programme for the work of the pres-
ent week, as there are no measures of
importance pressing for attention, al-
though the anti-oleomargarine bill and
the Hill bill for the exchangeability of
gold and silver are both on the calen-
dar and may be taken up before long.

CHICAGO POLES INDIGNANT.

Protest Against Cruelties to Their
Countrymen in Prussia.

Chicago, Jan. 27.—Representatives
of the 200,000 Poles living in Chicago
met in five mass meetings in different
parts of the city to protest against the
alleged cruelties of Prussia in her
Polish possessions. Nearly all of the
speakers maintained that the final ef-
fort of the Prussian officials was to
crush out even the language of Pol-
and, and that this culminating effort
of the German officials in Poland was
imbued solely with hatred and con-
tempt for the people they rule. It was
told how children, flogged by their
German teachers for saying their
prayers in their native language, had
been arrested and thrown into prison,
together with their parents, who
voiced a protest. These and other in-
dignities recited caused the deepest
feeling and strong words against Prus-
sia were voiced on every hand.

Resolutions of protest were adopted
at each meeting and will be forward-
ed to the Prussian government.

MONEY FOR IMPROVEMENTS.

Canadian Pacific to Issue \$20,000,000
More Stock.

Ottawa, Ont., Jan. 27.—The Domi-
nion government has approved an issue
of \$20,000,000 of capital stock of the
Canadian Pacific railway subject to the
sanction of the company's share-
holders. The proceeds are to be ap-
plied to improvements enabling the
company to handle the immense in-
crease of traffic on its lines, especially
in the Northwest. The \$20,000,000 will
be spent as follows: New rolling
stock and locomotives, \$9,000,000;
double tracking, \$6,000,000; new plants
and shops, chiefly at Montreal, \$1,500,-
000; new elevators and improvement
of terminals, \$3,000,000; miscellaneous
improvements, \$500,000.

INDIANS KILL A JAPANESE.

Charge Him With Causing Death of
Members of Tribe by Sorcery.

Vancouver, B. C., Jan. 27.—The
steamer Tees has arrived from the
North with news of the arrest of two
Indians charged with the recent murder
of a Japanese in connection with the
tribal war at Matlakatla between
Indians of rival villages. From the
statement of the prisoners it appears
that they had blamed the Japanese,
or a man living with him, for practis-
ing sorcery, to which they ascribed the
death of several of their tribe. By
way of revenge they killed Kamamura,
a Japanese, in the belief that his death
would save the rest of the tribe from
the consequences of his witchcraft.

FOUND BURIED TREASURE.

Gold and Silver Valued at 100,000,000
Taels Recovered at Peking.

Peking, Jan. 27.—Chinese officials
have found treasure to the value of
over 100,000,000 taels in gold and sil-
ver, which was buried in the women's
quarters of the palace before the court
fled from Peking.

The court has granted 5,000,000 taels
annually to Yuan Shi Kai, viceroy of
Chi Li, for the maintenance of an army
of 100,000 men in Chi Li province.
Yuan Shi Kai has been given prac-
tical control of the army and navy of
China and proposes engaging Japanese
instructors for the army and British
instructors for the navy.

Sibyl's Engagement Is Broken.

Paris, Jan. 27.—A representative of
the Associated Press saw Miss Sibyl
Sanderson in connection with the
statement that her engagement to
marry Count Henri de Fitzjames had
been broken off. While Miss Sand-
erson confirmed this fact she refused to
give the reasons therefor and added
that any statement of these reasons
which may be published could only be
unauthorized, untrue and unjust to
both Count de Fitzjames and herself.

Was Cremated by Tramps.

Warren, O., Jan. 27.—Corener Hoov-
er was called to a point on the Balti-
more and Ohio railroad between Niles
and Girard, in this county, where
Michael Sweeney, a target man, was
burned to death in his tower at mid-
night. Trainmen saw the building
burning and Sweeney amid the flames
gesticulating for aid. Later the charred
body was found and the coroner says
there is reason to believe Sweeney was
robbed, tied and cremated by tramps.

PROTEST AGAINST RECIPROCITY.

Wisconsin Tobacco Dealers and Grow-
ers in Session.

Madison, Wis., Jan. 27.—Three hun-
dred Wisconsin tobacco dealers and
growers met in the assembly chamber
and protested against the reduction of
the tariff on tobacco from Cuba and
formed the Tobacco Growers and Deal-
ers' Association of Wisconsin.

The resolutions adopted set forth
that Wisconsin tobacco growers are
producing annually 150,000 cases of
leaf tobacco, valued at \$4,500,000, and
manufacturing 150,000,000 cigars and
that the proposed reduction of tariff
duties would seriously curtail and im-
pair these industries.

MONKS ARE CREMATED.

Monastery of St. Paul on Mount Athos
Destroyed by Fire.

London, Jan. 27.—Telegraphing from
Vienna the correspondent of The Daily
Chronicle says the newspapers of Ath-
ens report that the celebrated St. Paul
monastery on Mount Athos was burned
last Thursday night. The prior and
nine monks perished and 20 others
were seriously injured. The occupants
of the monastery were sleeping when
the fire broke out, according to the
Athens papers, and the monastery it-
self was damaged to the extent of
£20,000.

TO OFFSET HENRY'S VISIT.

Austrian Crown Prince Will Go to St.
Petersburg.

Vienna, Jan. 27.—The announce-
ment that the heir presumptive to the
Austrian throne, Archduke Franz Fer-
dinand, will go to St. Petersburg Feb.
2 to present himself to the czar in his
new capacity of a general of Russian
cavalry, is much commented upon in
the light of the alleged weakening of
the triple alliance, which, it is sup-
posed, led to Prince Henry's approach-
ing visit to the United States, and the
idea of a rapprochement between
Russia and Austria as a counter dem-
onstration to Germany's action.

Used a Wagon Spoke.

Cincinnati, Jan. 27.—August Stagge
died here from the effects of a blow
administered with a wagon wheel
spoke by Michael Rieger, a saloonist.
Stagge's daughter was a domestic in
Rieger's family. Stagge claimed that
his daughter had been insulted by
Rieger and he wanted him to apolo-
gize. Rieger in ejecting Stagge from
his saloon struck him with a spoke.
Rieger was arrested charged with
murder.

shores of Newfoundland, while the
streets through which the prince was
obliged to be driven on his way to
visit the British ambassador here were
without one single British flag.

While receiving the most elaborate
attentions from the family of Em-
peror William and from German offi-
cials, the Prince of Wales must feel
the chilling attitude of the German
public. Almost all the newspapers re-
frain from editorial comment on his
visit.

GERMAN PRESS IRRITATED.

Criticizes the Recent Interpellation in
the British Commons.

Berlin, Jan. 27.—The German press
throughout shows irritation over the
alleged British attempts to throw sus-
picion on the policy entertained to-
wards the United States by Germany
before the outbreak of the Spanish-
American war. Nearly all the German
newspapers regard these alleged at-
tempts in the same light as does the
Deutsche Tages Zeitung. Dwelling
upon the motives which actuated the
interpellation of Mr. Henry Norman
in the British house of commons Jan.
20 that paper says:

"In the London reports cabled to
New York it is alleged that Germany
was the instigator of a plan to bring
about intervention by the European
powers against the United States. This
is a direct blow in the face of truth.
But what of it? It might perhaps, on
the verge of Prince Henry's visit,
create ill feelings in the United States,
in which case the object underlying
Mr. Norman's interpellation and the
answer thereto of Lord Cranborne, as
well as of the inventions sent abroad
by English newspaper agencies, would
be fulfilled."

MILES NOT A CANDIDATE.

Says That He Does Not Desire to Be-
come President.

Boston, Jan. 27.—General Miles is
not a candidate for the presidency of
the United States, having denied the
report to that effect in reply to a let-
ter to George G. Washburn of this city.
The general's letter reads:
"You desire information as to the
truth or falsity of the newspaper re-
ports from Washington making me an
active candidate for the presidency. I
deeply regret these reports. Like
many others in the past they are ab-
solutely unauthorized. They do not
emanate from myself, nor from my
friends, and I trust that the public will
not be misled by them. My ambition
has ever been to faithfully serve my
country in whatever sphere duty may
have dictated, and this will be my sole
purpose in the future."

BIG WELCOME PLANNED.

Thirty Thousand Germans Will Greet
the Prince.

New York, Jan. 27.—Representatives
of the various German societies of
New York city met during the after-
noon to further consider plans for the
reception of Prince Henry. It was de-
cided that there should be a torch-
light procession on the evening of
Feb. 26, the same evening on which
the newspaper men of the country will
meet the prince at dinner. It was an-
nounced that Dr. von Holleben had
given his sanction to the procession.
It is estimated that more than 30,000
marchers will be in line and Prince
Henry will review the parade from the
building of the Arion society, Fifty-
ninth street and Park avenue.

AFTER RATIFICATION.

Denmark Postpones the West Indies
Plebiscite.

Washington, Jan. 27.—The Danish
government will not take the pleb-
iscite of the Danish West Indian is-
lands to determine whether they shall
be ceded to the United States until
the United States senate shall have
ratified the treaty of cession. This
circumsppection is supposed to be the
outcome of the senate's action in re-
jecting a former treaty of cession after
Denmark had accustomed the island-
ers to the idea of transferring

PHILIPPINE TARIFF BILL.

Will Be Kept Before the Senate Until
Disposed Of.

Washington, Jan. 27.—The senate
will devote its principal attention this
week to the Philippine tariff bill. It
is the purpose of Senator Lodge, who
is in charge of the bill, to keep it be-
fore the senate persistently until it is
disposed of. He does not count on
final action for some time. It is not
the present purpose of the friends of
the bill to debate it, but the attacks
which will be made on it and upon the
entire administration of Philippine af-
fairs inevitably will bring replies from
many of the Republican senators. It
is understood that a majority of the
senators on the Democratic side of the
chamber will be heard before the bill
is passed.

Senator Nelson will take advantage
of every chance to have the bill creat-
ing a department of commerce consid-
ered, with the hope of securing action
upon it during the week if possible.

The house leaders have made no
programme for the work of the pres-
ent week, as there are no measures of
importance pressing for attention, al-
though the anti-oleomargarine bill and
the Hill bill for the exchangeability of
gold and silver are both on the calen-
dar and may be taken up before long.

CHICAGO POLES INDIGNANT.

Protest Against Cruelties to Their
Countrymen in Prussia.

Chicago, Jan. 27.—Representatives
of the 200,000 Poles living in Chicago
met in five mass meetings in different
parts of the city to protest against the
alleged cruelties of Prussia in her
Polish possessions. Nearly all of the
speakers maintained that the final ef-
fort of the Prussian officials was to
crush out even the language of Pol-
and, and that this culminating effort
of the German officials in Poland was
imbued solely with hatred and con-
tempt for the people they rule. It was
told how children, flogged by their
German teachers for saying their
prayers in their native language, had
been arrested and thrown into prison,
together with their parents, who
voiced a protest. These and other in-
dignities recited caused the deepest
feeling and strong words against Prussia
were voiced on every hand.
Resolutions of protest were adopted
at each meeting and will be forward-
ed to the Prussian government.

MONEY FOR IMPROVEMENTS.

Canadian Pacific to Issue \$20,000,000
More Stock.

Ottawa, Ont., Jan. 27.—The Domi-
nion government has approved an issue
of \$20,000,000 of capital stock of the
Canadian Pacific railway subject to
the sanction of the company's share-
holders. The proceeds are to be ap-
plied to improvements enabling the
company to handle the immense in-
crease of traffic on its lines, especially
in the Northwest. The \$20,000,000 will
be spent as follows: New rolling
stock and locomotives, \$9,000,000;
double tracking, \$6,000,000; new pal-
aces and shops, chiefly at Montreal, \$1,500,-
000; new elevators and improvement
of terminals, \$3,000,000; miscellaneous
improvements, \$500,000.

INDIANS KILL A JAPANESE.

Charge Him With Causing Death of
Members of Tribe by Sorcery.

Vancouver, B. C., Jan. 27.—The
steamer Tees has arrived from the
North with news of the arrest of two
Indians charged with the recent mur-
der of a Japanese in connection with
the tribal war at Matlakatla between
Indians of rival villages. From the
statement of the prisoners it appears
that they had blamed the Japanese,
or a man living with him, for practis-
ing sorcery, to which they ascribed the
death of several of their tribe. By
way of revenge they killed Kamanura,
a Japanese, in the belief that his death
would save the rest of the tribe from
the consequences of his witchcraft.

FOUND BURIED TREASURE.

Gold and Silver Valued at 100,000,000
Taels Recovered at Peking.

Peking, Jan. 27.—Chinese officials
have found treasure to the value of
over 100,000,000 taels in gold and sil-
ver, which was buried in the women's
quarters of the palace before the court
fled from Peking.

The court has granted 5,000,000 taels
annually to Yuan Shi Kai, viceroy of
Chi Li, for the maintenance of an army
of 100,000 men in Chi Li province.
Yuan Shi Kai has been given practi-
cal control of the army and navy of
China and proposes engaging Japanese
instructors for the army and British
instructors for the navy.

Sibyl's Engagement Is Broken.

Paris, Jan. 27.—A representative of
the Associated Press saw Miss Sibyl
Sanderson in connection with the
statement that her engagement to
marry Count Henri de Fitzjames had
been broken off. While Miss Sanderson
confirmed this fact she refused to
give the reasons therefor and added
that any statement of these reasons
which may be published could only be
unauthorized, untrue and unjust to
both Count de Fitzjames and herself.

Was Cremated by Tramps.

WARTON, O., Jan. 27.—Coroner Hoover
was called to a point on the Balti-
more and Ohio railroad between Niles
and Girard, in this county, where
Michael Sweeney, a target man, was
burned to death in his tower at mid-
night. Trainmen saw the building
burning and Sweeney amid the flames
gesticulating for aid. Later the charred
body was found and the coroner says
there is reason to believe Sweeney was
robbed, tied and cremated by tramps.

PROTEST AGAINST RECIPROCITY.

Wisconsin Tobacco Dealers and Grow-
ers in Session.

Madison, Wis., Jan. 27.—Three hun-
dred Wisconsin tobacco dealers and
growers met in the assembly chamber
and protested against the reduction of
the tariff on tobacco from Cuba and
formed the Tobacco Growers and Deal-
ers' Association of Wisconsin.

The resolutions adopted set forth
that Wisconsin tobacco growers are
producing annually 150,000 cases of
leaf tobacco, valued at \$4,500,000, and
manufacturing 150,000,000 cigars and
that the proposed reduction of tariff
duties would seriously curtail and im-
pair these industries.

MONKS ARE CREMATED.

Monastery of St. Paul on Mount Athos
Destroyed by Fire.

London, Jan. 27.—Telegraphing from
Vienna the correspondent of The Daily
Chronicle says the newspapers of Ath-
ens report that the celebrated St. Paul
monastery on Mount Athos was burned
last Thursday night. The prior and
nine monks perished and 20 others
were seriously injured. The occupants
of the monastery were sleeping when
the fire broke out, according to the
Athens papers, and the monastery it-
self was damaged to the extent of
£50,000.

TO OFFSET HENRY'S VISIT.

Austrian Crown Prince Will Go to St.
Petersburg.

Vienna, Jan. 27.—The announce-
ment that the heir presumptive to the
Austrian throne, Archduke Franz Fer-
dinand, will go to St. Petersburg Feb.
2 to present himself to the czar in his
new capacity of a general of Russian
cavalry, is much commented upon in
the light of the alleged weakening of
the triple alliance, which, it is sup-
posed, led to Prince Henry's approach-
ing visit to the United States, and the
idea of a rapprochement between
Russia and Austria as a counter dem-
onstration to Germany's action.

Used a Wagon Spoke.

Cincinnati, Jan. 27.—August Stagge
died here from the effects of a blow
administered with a wagon wheel
spoke by Michael Rieger, a saloonist.
Stagge's daughter was a domestic in
Rieger's family. Stagge claimed that
his daughter had been insulted by
Rieger and he wanted him to apolo-
gize. Rieger in ejecting Stagge from
his saloon struck him with a spoke.
Rieger was arrested charged with
murder.

I am not nor will I be a candidate for congress. That is all."

WHEN Henry Truelson was mayor of Duluth in 1896 he and his chief of police borrowed \$750 of the police relief fund, giving their notes. Hanson paid back \$275 of the amount, but Henry has never advanced a cent on the debt and a judgment was taken against him for the amount and interest on Oct. 1, 1900. Truelson is a candidate for mayor again and this question as to his moral responsibility is raised by the people of that city. In fact every time he runs for office he is requested through the newspapers to return the long over due loan to the firemen's relief fund.

JUDGE RENDERS HIS DECISION

In Case of Geiser Manufacturing Company vs. Foley-Bean Lumber Company.

A TEMPORARY INJUNCTION

Granted Restraining Them From Cutting Timber in Aitken County.

Judge McClenahan has ordered a temporary injunction in the case of the Geiser Manufacturing Company vs. the Foley-Bean Lumber Company, of Milaca, in favor of the plaintiffs and restraining the defendants from cutting any more timber on a tract of land in Malmo township, in Aitkin county.

It will be remembered that a motion was argued before his honor in this matter a few days ago. The plaintiffs in the action sought to enjoin the Foley-Bean company from removing timber from a tract of land owned by one G. M. Johnson, of Aitkin county, and it was a rather unusual case. The Geiser Manufacturing Company held a first mortgage on the land, and they claim that by the removal of the timber, which was sold to the firm by the owner of the land, C. M. Johnson, decreases the value of their security, hence the proceeding.

The court in granting the injunction requires the plaintiffs to furnish a bond of \$1,000 while the order is pending. The order does not apply to the timber which has already been cut, which is thought to be in the vicinity of 80,000 feet. This may be removed.

JUDGE RENDERS HIS DECISION

In Case of Geiser Manufacturing Company vs. Foley-Bean Lumber Company.

A TEMPORARY INJUNCTION

Granted Restraining Them From Cutting Timber in Aitken County.

Judge McClenahan has ordered a temporary injunction in the case of the Geiser Manufacturing Company vs. the Foley-Bean Lumber Company, of Milaca, in favor of the plaintiffs and restraining the defendants from cutting any more timber on a tract of land in Malmoe township, in Aitken county.

It will be remembered that a motion was argued before his honor in this matter a few days ago. The plaintiffs in the action sought to enjoin the Foley-Bean company from removing timber from a tract of land owned by one G. M. Johnson, of Aitken county, and it was a rather unusual case. The Geiser Manufacturing Company held a first mortgage on the land, and they claim that by the removal of the timber, which was sold to the firm by the owner of the land, C. M. Johnson, decreases the value of their security, hence the proceeding.

The court in granting the injunction requires the plaintiffs to furnish a bond of \$1,000 while the order is pending. The order does not apply to the timber which has already been cut, which is thought to be in the vicinity of 80,000 feet. This may be removed.

There was a rather bad wreck on the Northern Pacific on Saturday near Dilworth, a side track this side of Glyndon, and for several hours passenger traffic on the main line was badly hindered.

Thirteen cars of a west bound freight were derailed on account of a broken switch, and all passenger trains during the rest of the day were transferred to the Great Northern tracks at Moorhead and Glyndon, going by the way of Barnesville.

While the wrecking train was at work at the wreck the boiler of the engine attached to the hoisting derrick exploded and the engineer, A. E. Partlow, was badly scalded about the head and body. He was brought to this city and taken to the Northern Pacific Sanitarium, where he is receiving the best of care, but he is a pretty badly injured man.

HOW IT HAPPENED.

The Sad Circumstances Surrounding The
Death of Angus Brown, who was
Buried Here on Saturday.

After the funeral party had arrived in the city on Saturday afternoon it was learned for the first time how the accident occurred which resulted in the death of Angus Brown at West Albany, N. Y.

It seems that he was leaving the shops of the New York Central to go to his home for dinner. His home was but a few rods away and about the hour that he was leaving the shops his mother, who had been waiting for him, went to the window and saw him just before he reached the tracks. She turned to tell her daughter to prepare dinner; that her son was coming.

Just before Mr. Brown reached the main track, which he had to cross going from the shops to the house, the old watchman at the crossing called out to him, "look out, Mr. Brown, the Limited is coming." No sooner had the words dropped from the old man's lips when the New York Central Limited came rushing in and Mr. Brown was caught and instantly killed. It is said that every bone in his body was shattered.

It was a dreadful shock to his mother, with whom he was living.

Clerks Are Short.

Secretary Wall of the state dairy and food commission, says there are a number of municipal court clerks in various parts of the state who are short in their accounts with the commission.

The general law governing municipal court fines says the money collected shall be turned over by the clerk to the county treasurer. A special law, however, for fines relative to dairy and food prosecutions, says the money shall be sent by the clerks to the commission for its special fund. Mr. Wall has asked the attorney general for a formal explanation of the law, which he will send in circular form to municipal court clerks.

The municipal court clerks at Worthington and Fosston are the latest, Mr. Wall says, to turn over fines belonging to the state to the respective county treasurers.

The capital stock is \$50,000.

INVESTIGATION IS ON.

Terminal Rates for St. Cloud, Crookston
Fergus Falls and Other
Towns.

Should the railway and warehouse commission decide that St. Cloud, Crookston and Fergus Falls have been placed at a disadvantage because of the withdrawal of the Great Northern and the Northern Pacific orders naming them as terminal and distributing points, it will require the coast lines to restore the privileges.

Commissioner Staples is continuing an investigation of the effect of the action of the two lines, and a careful comparison is being made between the rates the three points formerly took and those they will take at present. Information is also being gathered from the towns themselves.

The position of the coast lines is that the towns affected by the withdrawal of their orders of 1900 receive relatively lower rates at present under the new distance tariffs than they formerly enjoyed.—Pioneer Press.

A Decree Granted.

Judge Searle filed a decree in the district court at Fergus Falls Wednesday, granting a divorce in the Roxstrom case, which has attracted considerable attention lately, particularly in the eastern part of the county. Mr. Roxstrom is the village blacksmith at Luce, and was entertaining a party of friends last summer when one of them jovially suggested that he ought to have a wife and offered to advertise for one for him in a matrimonial paper. Mr. Roxstrom—rather as a joke than otherwise, according to his story—consented to have the advertisement inserted and was not long in receiving replies. He could not resist the temptation to answer one of the dainty little missives, and was soon in correspondence in earnest. A wedding day was set, the lady arrived and the marriage was solemnized, but matrimonial bliss was of short duration. According to the complaint, endearing terms were soon substituted for others of a different character and matters drifted from bad to worse until Mr. Roxstrom finally instituted a suit for divorce, making various and sundry allegations.

THE COMMITTEE FINDS NOTHING

Landlord Wise and His Help Are

Special Committee.

ALDERMAN WRIGHT DISGUSTED

Claims That Those Who Desire
Investigations are Not to be
Depended Upon.

It will be remembered at a recent meeting of the city council that on motion of Alderman Wright, from the Second ward, a special committee consisting of Aldermen Wright, Purdy and Doran, was appointed by the chair to investigate the Arlington Hotel in connection with the sale of some liquor to the young girl who was arrested by the police in company with two railroad men in one of the rooms of the hotel. On Saturday evening the special committee met in the office of City Attorney Crowell to take the matter up and the members of the committee were all present except Alderman Purdy.

Mr. Wise and the night clerk and bartender were called before the committee and after thoroughly going over the facts the committee decided that it was a mistake to ever have proceeded in the matter; that it was all a hoax. It was shown that neither Landlord Wise nor any of his help ever knew of the presence of the young girl in the house, much less that she was occupying a room with two young men. It was further shown that as soon as her presence was known that the police were notified and she was removed from the house together with the young men.

It was a rather unfortunate onslaught on the hotel as was proven by the investigation and goes to prove that at times the proprietor of a hotel is not responsible for what might transpire within the walls of the hostelry.

MAY BE LOST IN SCHUFFLE.

Thief River Falls People Much Worked Up
Over the Opening up of the Re-
servation Question.

A delegation from Thief River Falls, Minn., headed by Mayor Frank H. Kratka, are headed for Washington, where they go to urge the opening of the western end of Red Lake Indian reservation. The Thief River Falls people began to feel that the row over the Cass and Leech Lake lands has stirred up such a dust that the really meritorious movement for opening the east end of the Red Lake reservation might be lost in the shuffle unless something were done, so the council appropriated \$500 the other night and the delegation put off for the national capital.

The portion of the Red Lake reservation adjoining Thief River Falls is separated from that part of the reservation further east about Red Lake by a marsh dividing the reservation into two parts. The western portion or that lying just east of the Upper Falls, is the portion which is desired to open to settlement. This portion of the reservation consists of 300,000 acres of fertile agricultural lands. It is inhabited by but 80 Indians who are unanimously in favor of selling to the government. The purchase of this land by the government and the opening it up to settlement would be a great thing for the whole surrounding country it is claimed.

MUSIC AND DRAMA.

MR. WALKER WHITESIDE.

Mr. Walker Whiteside is having a great run at Manager C. P. Walker's other theatres in the Red River Valley circuit and his return to Brainerd Opera House in this city on Wednesday evening will be in the form of an ovation. In the "Merchant of Venice" as Shylock Mr. Whiteside is said to be the most clever of any of the roles assumed by him, his interpretation of this character being especially fine. The sale of seats for the return engagement will open at H. P. Dunn & Co's drug store tomorrow morning at 10 o'clock.

A great play, a great actor and a company of excellence with a lavish display of stage settings will doubtless call forth an immense audience on this occasion.

In the person of Miss Lelia Wolstan, who appears as Portia, Mr. Walker Whiteside has one of the cleverest leading women in the theatrical profession. She is a woman of vast experience in many lines of work and her connections with the best companies have won for her showers of commendation. As Phoebe in the late Augustin Daly's magnificent production of "As You Like It," Miss Wolstan won lasting honors. In "The Taming of the Shrew," she also earned the approbation alike of press and public. Under the management of A. M. Palmer, in Augustus Thomas' "Alabama," Miss Wolstan again won praise, but it was merited by her rendition of her role. During the season of 1893 Miss Wolstan joined Mr. Whiteside's company and she has been continuously with him since that year. She has appeared in many parts, Ophelia, Desdemona, Katarine and Portia.

Remember the advance sale of seats opens tomorrow, Tuesday, morning, at 10 o'clock.

"THE CHRISTIAN."

The scenery which will be carried by the company which will present "The Christian" at the Brainerd Opera House on the evening of February 5, is said to be the most elaborate that has ever been provided for the proper presentation of this production. The story is well known as one of the strongest of the nineteenth century and with an exceptional cast the performance should be enjoyed by all classes. The non theatre goers always turn out en masse to see this production.

"THE GLEE CLUB."

No style of concert is so popular as that of the college Glee Club. It is always a delight to listen to the rollicking, jolly airs, sung by a chorus of young fresh voices, the possessors of which, are brimful the jollity they breathe. The coming of the University of Minnesota Glee Club, which organization includes a male chorus, mandolin orchestra, vocal, and instrumental soloists, is the signal for a flutter of delightful anticipation among polite society people, and music lovers generally. Musically, the organization excels the former efforts of its predecessors, the personal of the club is exceptional. Feb. 6, is the date for this attraction.

THE JAMES NEILL COMPANY.

Arrangements have been completed for the appearance in this city shortly of Mr. James Neill and the incomparable Neill company in what has proven the greatest dramatic success of the period, "Barbara Frietchie." The famous war drama is by Clyde Fitch, regarded as America's greatest and most successful dramatist and when it was first produced by Mr. Neill last spring in San Francisco, created a furore. It was presented in that city alone 34 times by the Neill company and but for the fact that other plays were under contract to be produced, "Barbara Frietchie" could have been played to big audiences several weeks more. It was the sensation of the last dramatic season. It is particularly fortunate that the local theatre management was enabled to secure the great stage success at this time. Mr. Neill and his company have been making a remarkably successful engagement in the West and will have an opportunity to stop over in this city on their way East. In one act of the play, the last where the Southern soldier shoots Barbara; who is on the balcony of her father's house, some one hundred people are seen on the stage.

A REPUTATION.

How it was Made and Retained in Brainerd.

A good reputation is not easily earned, and it was only by hard consistent work among our citizens that Doan's Kidney Pills won their way to the proud distinction attained in this locality. The public endorsement of scores of Brainerd residents has rendered invaluable service to the community. Read what this citizen says:

Mr. R. D. Ransom of Third Ave., East Brainerd, fireman at the Brainerd Lumber Co., says: "For as long as twelve or fourteen years I was a sufferer from kidney ailment. My back hurt me awfully; I could stoop but when I attempted to rise, severe pain caught me in the loins. Often in bed I could not change my position and when morning came I had to be helped out of bed. The kidney secretions were of a very unhealthy color and were otherwise irregular. I commenced using Doan's Kidney Pills and one box did me so much good that I took another. The treatment cured me."

She turned to tell her daughter to prepare dinner; that her son was coming.

Just before Mr. Brown reached the main track, which he had to cross going from the shops to the house, the old watchman at the crossing called out to him, "look out, Mr. Brown, the Limited is coming." No sooner had the words dropped from the old man's lips when the New York Central Limited came rushing in and Mr. Brown was caught and instantly killed. It is said that every bone in his body was shattered.

It was a dreadful shock to his mother, with whom he was living.

Clerks Are Short.

Secretary Wall of the state dairy and food commission, says there are a number of municipal court clerks in various parts of the state who are short in their accounts with the commission.

The general law governing municipal court fines says the money collected shall be turned over by the clerk to the county treasurer. A special law, however, for fines relative to dairy and food prosecutions, says the money shall be sent by the clerks to the commission for its special fund. Mr. Wall has asked the attorney general for a formal explanation of the law, which he will send in circular form to municipal court clerks.

The municipal court clerks at Worthington and Fosston are the latest. Mr. Wall says, to turn over fines belonging to the state to the respective county treasurers.

The East Itasca Mining company is a new mining corporation that has just filed its articles of incorporation. The incorporators are James H. Pearce, George H. Crosby, James A. Wharton and William H. Brooks, of Duluth, and Senator E. B. Hawkins, of Biwabik. The company's principal place of business is to be in Duluth, and it is to engage in mining operations and kindred pursuits. The capital stock is \$50,000.

T. J. CONNORS RESIGNS.

He Has Severed His Connection with the Towhy Mercantile Company to Accept another Position.

T. J. Connors, who has been with the Towhy Mercantile Co., of West Superior for about ten years as their traveling representative on the road, has resigned his position and has gone on the road for the J. F. Huchman Company, of Minneapolis.

Mr. Connors has not decided definitely where he will make his home and headquarters as yet but it is more than likely that he will remain in Brainerd and will travel over the same territory as heretofore.

NETTED A NEAT SUM.

Committee in Charge of the Elk Entertainment Figure Up and feel Much Elated.

The committee in charge of the recent Elk entertainment given at the Brainerd Opera House have figured up the expense and have found that the net proceeds will aggregate something like \$300.

The cost of putting the show on was something like \$250 so it is seen that the boys were liberally patronized by the residents of the city. The money made on the entertainment will go toward furnishing the new hall.

INVESTIGATION IS ON.

Terminal Rates for St. Cloud, Crookston, Fergus Falls and Other Towns.

Should the railway and warehouse commission decide that St. Cloud, Crookston and Fergus Falls have been placed at a disadvantage because of the withdrawal of the Great Northern and the Northern Pacific orders naming them as terminal and distributing points, it will require the coast lines to restore the privileges.

Commissioner Staples is continuing an investigation of the effect of the action of the two lines, and a careful comparison is being made between the rates the three points formerly took and those they will take at present. Information is also being gathered from the towns themselves.

The position of the coast lines is that the towns affected by the withdrawal of their orders of 1900 receive relatively lower rates at present under the new distance tariffs than they formerly enjoyed.—Pioneer Press.

He Makes Posts Move.

Last Sunday night while Rev. Paul Haight was returning to Princeton from Blue Hill he ran into a post and one of the wheels to his buggy was torn off. He was obliged to walk some distance to town, a little fatigued but otherwise none the worse for the accident. When the Methodist divine lets his broncos have the lines the posts and fences had better take to the woods.—Princeton Union.

A Decree Granted.

Judge Searle filed a decree in the district court at Fergus Falls Wednesday, granting a divorce in the Roxstrom case, which has attracted considerable attention lately, particularly in the eastern part of the county. Mr. Roxstrom is the village blacksmith at Luce, and was entertaining a party of friends last summer when one of them jovially suggested that he ought to have a wife and offered to advertise for one for him in a matrimonial paper. Mr. Roxstrom—rather as a joke than otherwise, according to his story—consented to have the advertisement inserted and was not long in receiving replies. He could not resist the temptation to answer one of the dainty little missives, and was soon in correspondence in earnest. A wedding day was set, the lady arrived and the marriage was solemnized, but matrimonial bliss was of short duration. According to the complaint, endearing terms were soon substituted for others of a different character and matters drifted from bad to worse until Mr. Roxstrom finally instituted a suit for divorce, making various and sundry allegations.

THE COMMITTEE FINDS NOTHING

Landlord Wise and His Help Are Entirely Vindicated by the Special Committee.

ALDERMAN WRIGHT DISGUSTED

Claims That Those Who Desire Investigations are Not to be Depended Upon.

It will be remembered at a recent meeting of the city council that on motion of Alderman Wright, from the Second ward, a special committee consisting of Aldermen Wright, Purdy and Doran, was appointed by the chair to investigate the Arlington Hotel in connection with the sale of some liquor to the young girl who was arrested by the police in company with two railroad men in one of the rooms of the hotel. On Saturday evening the special committee met in the office of City Attorney Crowell to take the matter up and the members of the committee were all present except Alderman Purdy.

Mr. Wise and the night clerk and bartender were called before the committee and after thoroughly going over the facts the committee decided that it was a mistake to ever have proceeded in the matter; that it was all a hoax. It was shown that neither Landlord Wise nor any of his help ever knew of the presence of the young girl in the house, much less that she was occupying a room with two young men. It was further shown that as soon as her presence was known that the police were notified and she was removed from the house together with the young men.

It was a rather unfortunate onslaught on the hotel as was proven by the investigation and goes to prove that at times the proprietor of a hotel is not responsible for what might transpire within the walls of the hostelry.

MAY BE LOST IN SCHUFFLE.

Thief River Falls People Much Worked Up Over the Opening up of the Reservation Question.

A delegation from Thief River Falls, Minn., headed by Mayor Frank H. Kratka, are headed for Washington, where they go to urge the opening of the western end of Red Lake Indian reservation. The Thief River Falls people began to feel that the row over the Cass and Leech Lake lands has stirred up such a dust that the really meritorious movement for opening the east end of the Red Lake reservation might be lost in the shuffle unless something were done, so the council appropriated \$500 the other night and the delegation put off for the national capital.

The portion of the Red Lake reservation adjoining Thief River Falls is separated from that part of the reservation further east about Red Lake by a marsh dividing the reservation into two parts. The western portion or that lying just east of the Upper Falls, is the portion which is desired to open to settlement. This portion of the reservation consists of 300,000 acres of fertile agricultural lands. It is inhabited by but 80 Indians who are unanimously in favor of selling to the government. The purchase of this land by the government and the opening it up to settlement would be a great thing for the whole surrounding country it is claimed.

MUSIC AND DRAMA.

MR. WALKER WHITESIDE.

Mr. Walker Whiteside is having a great run at Manager C. P. Walker's other theatres in the Red River Valley circuit and his return to Brainerd Opera House in this city on Wednesday evening will be in the form of an ovation. In the "Merchant of Venice" as Shylock Mr. Whiteside is said to be the most clever of any of the roles assumed by him, his interpretation of this character being especially fine. The sale of seats for the return engagement will open at H. P. Dunn & Co's drug store tomorrow morning at 10 o'clock.

A great play, a great actor and a company of excellence with a lavish display of stage settings will doubtless call forth an immense audience on this occasion.

In the person of Miss Lelia Wolstan, who appears as Portia, Mr. Walker Whiteside has one of the cleverest leading women in the theatrical profession. She is a woman of vast experience in many lines of work and her connections with the best companies have won for her showers of commendation. As Phoebe in the late Augustin Daly's magnificent production of "As You Like It," Miss Wolstan won lasting honors. In "The Taming of the Shrew," she also earned the approbation alike of press and public. Under the management of A. M. Palmer, in Augustus Thomas' "Alabama," Miss Wolstan again won praise, but it was merited by her rendition of her role. During the season of 1893 Miss Wolstan joined Mr. Whiteside's company and she has been continuously with him since that year. She has appeared in many parts, Ophelia, Desdemonda, Katarine and Portia.

Remember the advance sale of seats opens tomorrow, Tuesday, morning, at 10 o'clock.

"THE CHRISTIAN."

The scenery which will be carried by the company which will present "The Christian" at the Brainerd Opera House on the evening of February 5, is said to be the most elaborate that has ever been provided for the proper presentation of this production. The story is well known as one of the strongest of the nineteenth century and with an exceptional cast the performance should be enjoyed by all classes. The non theatre goers always turn out en masse to see this production.

"THE GLEE CLUB."

No style of concert is so popular as that of the college Glee Club. It is always a delight to listen to the rollicking, jolly airs, sung by a chorus of young fresh voices, the possessors of which, are brimful of the jollity they breathe. The coming of the University of Minnesota Glee Club, which organization includes a male chorus, mandolin orchestra, vocal, and instrumental soloists, is the signal for a flutter of delightful anticipation among polite society people, and music lovers generally. Musically, the organization excels the former efforts of its predecessors, the personal of the club is exceptional. Feb. 6, is the date for this attraction.

THE JAMES NEILL COMPANY.

Arrangements have been completed for the appearance in this city shortly of Mr. James Neill and the incomparable Neill company in what has proven the greatest dramatic success of the period, "Barbara Frietchie." The famous war drama is by Clyde Fitch, regarded as America's greatest and most successful dramatist and when it was first produced by Mr. Neill last spring in San Francisco, created a furore. It was presented in that city alone 34 times by the Neill company and but for the fact that other plays were under contract to be produced, "Barbara Frietchie" could have been played to big audiences several weeks more. It was the sensation of the last dramatic season. It is particularly fortunate that the local theatre management was enabled to secure the great stage success at this time. Mr. Neill and his company have been making a remarkably successful engagement in the West and will have an opportunity to stop over in this city on their way East. In one act of the play, the last where the Southern soldier shoots Barbara, who is on the balcony of her father's house, some one hundred people are seen on the stage.

A REPUTATION.

How it was Made and Retained in Brainerd.

A good reputation is not easily earned, and it was only by hard consistent work among our citizens that Doan's Kidney Pills won their way to the proud distinction attained in this locality. The public endorsement of scores of Brainerd residents has rendered invaluable service to the community. Read what this citizen says:

Mr. R. D. Ransom of Third Ave., East Brainerd, fireman at the Brainerd Lumber Co., says: "For as long as twelve or fourteen years I was a sufferer from kidney ailment. My back hurt me awfully; I could stoop but when I attempted to rise, severe pain caught me in the loins. Often in bed I could not change my position and when morning came I had to be helped out of bed. The kidney secretions were of a very unhealthy color and were otherwise irregular. I commenced using Doan's Kidney Pills, and one box did me so much good that I took another. The treatment cured me."

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

FIRST FORMAL APPEAL

MINERS MAY ASK ARBITRATION
COMMITTEE TO HELP ADJUST
WAGE SCALE.

IS PROPOSED BY MITCHELL

President of the Mine Workers Sug-
gests the Plan—Will Offer a Great
Opportunity to Demonstrate Whether
the Civic Federation's Scheme Can
Be of Any Service in the Settlement
of Labor Disputes.

Indianapolis, Jan. 27.—Probably the
first formal appeal to the peace com-
mittee recently appointed by New York
under the auspices of the National
Civic federation for the settlement of
all labor disputes, of which Senator
Hanna is chairman and on which
prominent capitalists, labor leaders
and prominent citizens have promised
to serve, will be made by the anthra-
cite miners, who will ask the commit-
tee to assist them in arranging a con-
ference with the operators of the dis-
trict in regard to the scale for the
coming year.

This plan was adopted, it is under-
stood, at the conference of the anthra-
cite miners Saturday.

President John Mitchell of the mine
workers is a member of the peace
committee on behalf of wage earners
and he, it is understood, suggested the
plan of appealing to the committee.
The committee composed of President
Mitchell and District Presidents Duffy,
Nichols and Fahey of the anthracite
field, appointed by the anthracite
miners, will draw up a resolution in
accordance with this plan, it is under-
stood. If the appeal is sent to the
peace committee it will be the first at-
tempt to interest the committee in be-
half of any organization and will offer
a great opportunity to demonstrate
whether the committee can be of any
service in the settlement of labor dis-
putes. If the committee will really
exercise itself in behalf of the coal
miners with the operators of the anthra-
cite district there is no doubt, the
miners say, that an agreement as to
the scale will be reached, as well as
the recognition of the union will be
secured.

CUBA WANTS ANNEXATION.

United States Army Officer Before
Ways and Means Committee.

Washington, Jan. 27.—Colonel Tasker
Bliss, the United States army officer
detailed as collector of customs at
Havana, was before the ways and
means committee concerning Cuban
reciprocity. In opening his statement
he disclaimed authority as a sugar ex-
pert and said his knowledge was con-
fined to that of an observer for three
years in an official position dealing
with the trade of Cuba. This has led
him to hope that if there was any
change in the tariff it would be such
an adjustment as would throw into the
hands of the United States the large
amount of Cuban trade now taken by
foreign countries.

"Are the Cuban people prepared to
come into political relations with the
United States?" asked Mr. Newlands.
"I think a great many of the Cubans
are ready to come in," Colonel Bliss
replied.

"As a territory or a state?" asked
Mr. Newlands.

"They would be glad to come in as
a state or a territory, or under the
military authority, almost any way in
order to come under the authority of
the United States."

"If invited to come in first as a terri-
tory and then as a state, would this
be accepted?"

"I think it would."
Continuing on this topic Colonel
Bliss said he thought commercial
union with Cuba would postpone polit-
ical action. Personally he was not
convinced of the wisdom of annexa-
tion. The feeling in Cuba was one of
readiness to accept any conditions
the United States might impose.

THE PAPERMAKERS' STRIKE.

Another Week Will Decide the Out-
come in Wisconsin.

Appleton, Wis., Jan. 27.—The Apple-
ton lodge of the United Brotherhood
of Papermakers has voted to strike
next Saturday night at 6 o'clock. The
action was taken after the reading of
the report of the committee which
waited upon Mr. McNaughton, the mil-
lionaire manufacturer, who, it is said,
holds the key to the situation. The
meeting was thinly attended, many of
those who signed the agreement to ac-
cept a raise in wages failing to appear.
Another week, it is thought, must de-
cide whether the union is to win or
lose in its fight in Wisconsin.

Kaukauna, Wis., Jan. 27.—Kaukauna
papermakers have voted not to strike
because they did not get the short
hours which they asked for in their
petition to the mill owners, but in-
stead, after a four hours session, voted
to accept the 10 per cent advance of-
fered them.

FOUR HUNDRED KILLED.

Meager Reports of a Big Battle Near
Bogota, Colombia.

Colon, Colombia, Jan. 27.—A battle
was fought between the government
troops and insurgents about 20 miles
from Bogota, in which the insurgents
were routed. Three hundred and fifty
insurgents and 100 of the government
troops were killed. The number of the
wounded is not given.

Married Seventy-three Years.

Fairfield, Ia., Jan. 27.—The wedding
anniversary of a couple married on
Jan. 22, 1829, was celebrated on a
farm a few miles from Fairfield. This
anniversary marked the end of 73
years of married life for Reuben Hun-
ter and wife. Both are in good health
physically.

INDEPENDENCE FOR FILIPINOS.

President Schurman Explains His Re-
cent Boston Speech.

Ithaca, N. Y., Jan. 27.—President
Schurman has made a statement ex-
planatory of his recent Boston speech
in which he advocated the eventual in-
dependence of the people of the Phil-
ippines. The substance of the speech
was that if the Christians of Luzon
and Visaya wanted independence and
showed themselves capable of assum-
ing it this country would eventually
give it to them. President Schurman
said that he believed the policy he ad-
vocated would, more than anything
else, promote the welfare of the Phil-
ippines. President Roosevelt, he said,
had declared in his message to con-
gress that we were to do for the Phil-
ippines far more than any other nation
had ever done for a tropical people
and that we were to fit them for self-
government after the manner of really
free races. He said he stood with
President Roosevelt in his policy and
was against that advocated by General
Wheaton, which would mean colonial
servitude like that of Java and India.

WANT A BOUNTY TOO.

Newfoundlanders Think Fish Should
Be Treated the Same as Sugar.

St. John's, N. F., Jan. 27.—It is ar-
gued in some official quarters here
that, if the British government is pre-
pared to withdraw from the interna-
tional sugar conference at Brussels
and to provide a bounty on West In-
dian sugar in order to assist Great
Britain's West Indian colonies, which
are inhabited by blacks, Great Britain
should also provide a bounty on New-
foundland fish and thereby assist this
colony, which is wholly inhabited by
white people, Englishmen, Scotchmen
and Irishmen and their descendants.
It is held by certain officials that this
action should be taken by the British
government as a return for the renew-
al by Newfoundland of the French
modus vivendi.

May Be Made a Distributing Point.

Washington, Jan. 27.—It is prob-
able that Fort Snelling may be design-
ated as one of the military posts in the
United States which are to be selected
for the storage of ordnance sup-
plies and munitions of war. A plan
is now under consideration by the war
department officials to concentrate
war supplies in leading military cen-
ters, both for the use of the regular
army and for distribution to the na-
tional guard of the various states.

General Hobart Dying.

Milwaukee, Jan. 27.—General Harri-
son C. Hobart, the last survivor of the
Wisconsin constitutional convention
and one of, if not the last survivor,
of the original five who planned and
made the famous Ross tunnel and by
it escaped from Libby prison, is dying
at the hospital at the Soldiers' home.
Dr. Comfort said during the evening
that the general was weakening and
might live a few hours or might die
at any moment.

Much Anxiety Prevails.

St. Thomas, D. W. I., Jan. 27.—The
announcement of the signing of the
treaty by which Denmark sells the
Danish West Indies to the United
States was received quietly. There
was no open manifestation, but much
anxiety prevails regarding the devel-
opments. Nothing official has yet been
received from Copenhagen. The gov-
ernor of St. Thomas has declined to be
interviewed.

NATIONAL LIBERAL PARTY.

Organization of Free Thinkers for Po-
litical Purposes Formed.

Cincinnati, Jan. 27.—The National
Liberal party was organized here by
representatives from all parts of the
country. The preamble to the new
constitution that was adopted declares
for the separation of church and state
to the extent of abolishing chaplains
in the army and navy, legislative bod-
ies and all public institutions; the
taxation of church property and aban-
donment of Sabbath observance. The
National Liberal party is the amalga-
mation for political purposes of free
thinkers and it is more distinctly in
politics than the American Secular
union. The free love element was not
admitted into the new organization,
but the woman suffragists were ad-
mitted.

successful \$4,000,000 of Andrew Car-
negie's wealth will be used in the es-
tablishment of libraries in Mexico. Of
this amount one-fourth is planned to
be used in the establishment of a mag-
nificent library in Monterey. The plan
contemplates the expenditure of the
remaining \$3,000,000 in the establish-
ment of libraries at Chihuahua, Du-
rango, Tampico, Torreon and San Luis
Potosi. General Hanna has taken up
the matter with Mr. Carnegie direct
and feels confident of success.

Woman Dying From Sneezing.

Taylorville, Ills., Jan. 27.—Miss
Sarah Mackey, who has been sneezing
constantly during the last 10
days, broke all previous records dur-
ing the day, when she sneezed 700
times in an hour and a quarter by
actual count. She is beginning to
show signs of great weakness, but all
efforts by the physicians to stop the
sneezing have proved unavailing.

Cremated in a Railroad Wreck.

Houston, Tex., Jan. 27.—In a rear-
end collision between two sections of
a stock train near Keller, 15 miles
north of Fort Worth, W. T. Stillwell
was instantly killed and his body
burned in the wreckage and J. G. Ad-
kins fatally injured. They were in the
caboose of the first section, which was
crushed and burned. The wreck was
caused by a dense fog.

Colombia Welcomes the News.

Panama, Colombia, Jan. 27.—The
news received here from the United
States concerning the Panama canal
is welcome. The government has ap-
pointed J. G. Lewis, a banker, and F.
Mues, a lawyer, commissioners of this
department to assist Senor Carlos M.
Silva, Colombian minister at Wash-
ington, in matters pertaining to the
canal.

Glass Bottomed Launch.

H. E. Bemis, manager of the Victoria
and Colonial hotels at Nassau, is hav-
ing built at Palm Beach a launch for-
ty-eight feet in length, with twenty-
eight feet of plate glass bottom. This,
according to the Florida Times-Union
and Citizen, will be used for trips to
the sea gardens. Prior to this innova-
tion the only way for the tourists to
see the wonders of marine plant life
was through buckets with glass bot-
toms and small rowboats with small
glasses. Mr. Bemis conceived the idea
of a large boat with power and a large
space with plate glass bottom, which
would enable the tourists to get a bet-
ter view of plant life, which is very
rare in many of the bays surrounding
the island. This is the only boat of its
kind ever built.

AN EXPOSITION PAPER.

Scheme of a Los Angeles Editor For
St. Louis World's Fair.

General Harrison Gray Otis, editor
and publisher of the Los Angeles (Cal.)
Times, is in St. Louis for the purpose
of laying before the world's fair man-
agement his project for the establish-
ment at the exposition of a monster
newspaper plant.

His idea is to secure in advance the
co-operation of all the leading dailies
of the world in an enterprise having
for its object the printing on the
world's fair grounds of a special edi-
tion of each one of the papers that may
enter the syndicate. Perfecting presses
and an adequate stereotype plant, with
the necessary workmen and stock,
would constitute the principal material
equipment required. In an interview
on the subject General Otis said to a
representative of the Chicago Record-
Herald:

"The papers could each be set in its
own office, matrices made and these
shipped to a central office on the expo-
sition grounds, where the casts could
be made, the papers printed and the
work of distribution done by agents or
employees of each paper acting under
the instructions of the home manage-
ment. Special days could be set apart
for public exhibitions of each paper.
Thus there could be a 'Los Angeles
Times day,' a 'St. Louis Republic day,'
a 'St. Louis Globe-Democrat day,' and
so on, the smaller journals of Chicago,
New York, London and Paris following
in due course, as might be agreed by
selection or otherwise."

The Iron Age estimates that 2,350,
000 tons of rails already have been
booked for delivery in 1902.

MUSCLE BED INVENTION

Device Which Shows the Mind's
Influence on Circulation.

INSTRUCTIVE EXPERIMENTS MADE

Apparatus of Dr. Anderson at Yale
Indicates How Mental Effort Affects
the Flow of Blood Through the
Veins and Arteries—Value of Mus-
cles in Exercising.

To settle a mooted point among phys-
iologists—whether the center of grav-
ity in the human body is affected by
changing the position of the arms, and
also to determine where the center of
gravity is in a horizontally placed hu-
man body—Dr. William G. Anderson of
Yale university began a series of ex-
haustive experiments in the university
gymnasium several months ago. Sev-
eral college athletes were the subjects
who aided him.

In the course of the experimentation
and to facilitate the investigation Dr.
Anderson invented an apparatus to
which he has given the name of "mus-
cle bed." In appearance it suggests a
surgeon's operating table, balanced in
the middle. Incidental to the main in-
vestigation Dr. Anderson has been led
to study other points in physical devel-
opment and collaterally has verified
what Dr. Angelo Mosso of Turin, Italy,
thought he discovered several years
ago when he announced that he be-
lieved that under mental excitement
there is a rush of blood circulation to
the brain so great that if the body is
placed horizontally the head will sink
or tend to sink.

This, Dr. Anderson says, is true even
when the excitement is so slight as the
solution by mental processes of the
simplest problem of addition, subtraction
or multiplication. Remarkable in-
stances of the sort have been found
when Dr. Anderson has balanced stu-
dents on the "muscle board" before
written examinations, taking the read-
ings on the plane, and has balanced
them immediately after the written ex-
aminations, noting the difference in
the readings on the plane.

After the mental efforts the center
of gravity changed from a sixteenth of
an inch to almost two and one-half
inches. This shows extra circulation
in the upper extremities. It has even
been found that mere thought will
send a supply of blood to parts of the
body in extraordinary quantities. A
man balanced on the "muscle board"
will find his feet sinking if he goes
through mental leg gymnastics, but
does not make the movements. It is in
some of the experiments of this nature
that students of the psychological ph-
enomena have found data to study also,
not that the theories are new, but the
tests to prove them are new. Mosso's
brain test excepted.

Dr. Anderson said on this point to a
reporter of the New York Herald at
New Haven: "I have found that men
who exercise in a listless, automatic
or mechanical manner do not change
the center of gravity to a great extent,
but in nearly every case when a man
takes his special series of movements
in a conscious or highly volitional man-
ner the supply of blood to the arms or
legs was very noticeable, and the line
of gravity went up or down markedly."
If two men exercise the arms and
thorax, taking the same exercises, one
standing before a large looking glass,
the other not, the former will show a
higher center of gravity than the latter,
indicating a richer blood supply to
parts. This is merely another illustra-
tion of conscious versus mechanical
methods of exercise.

"An interesting result of these ex-
periments has been to throw new light
on our knowledge of blood supply to
the legs in sprinting or short distance
running. The belief prevails that in
short distance running there is a no-
ticeable blood supply to the legs. The
tests conducted with the muscle board
seem to prove the opposite. In nearly
every case the center of gravity has
risen after short runs, showing that
the blood has been pressed out of the
large leg muscles by rapid and forceful
contraction. The physiologist may here
see some explanation of 'second wind.'"

"Recently I have experimented with
exercises that subjects found agree-
able and those that they found disagree-
able to perform. The movements in
which they found pleasure sent a richer
supply of blood to parts than did
those movements which were not to
their liking. The ptythysograph
shows that pleasurable thought sends
blood to the brain, disagreeable
thoughts drive blood from the brain.
"Obviously it is not possible to state
conclusions definitely upon the limited
data at hand thus far in these experi-
ments. They cannot be given except
tentatively. But it will be safe to say
that the following statements will ap-
proximate the final results, namely:

"First.—That a person will get bet-
ter results from his exercise if he will
attend to it consciously and with
thought. By better results I mean a
richer blood supply and a healthier
metamorphosis of tissue.

"Second.—That in some ways it is
better for people to exercise before a
looking glass.

"Third.—That short distance running,
in driving the blood out of the legs,
causes a resultant blood stasis in the
trunk or around the lungs, which may
account for the first loss of wind, and
later when the blood flows more regu-
larly into the legs the sprinter gets his
second wind.

"Fourth.—That exercise that is inter-
esting is of greater worth than that
which is not interesting, and all out of
door sports, athletics, rowing, swim-
ming, boxing and games, are better
means of physical development than
uninteresting oft repeated gymnastic
drills."
